DON'T BECOME A STATISTIC! Reduce the Risk of Osteoporosis™

In 2004, the U.S. Surgeon General warned that unless steps are taken by the year 2020, 50 percent of Americans past the age of 50 would be at risk due to osteoporosis and low bone mass.

As we age we start to lose bone strength. **START FIGHTING BACK.** Grow stronger, healthier bones today.†

Introducing a breakthrough bone health formula from Garden of Life—Vitamin Code® Grow Bone System.†

Clinically studied to stimulate bone growth and build better stronger bones by increasing bone mineral density† and featuring Vitamin Code® RAW Calcium™ to help reduce the risk of osteoporosis.††

Go Beyond Bone Strength...with Vitamin Code® Grow Bone System.†

SKEPTICAL?

Take the Grow Bone Challenge for **STRONGER HEALTHIER BONES†** or we'll give you double your money back*

Clinical Studies = Confidence

In a six-month randomized, open label human clinical study, 176 women and men ages 18 to 85 consumed the ingredients in the Grow Bone System and followed a healthy eating plan and walking program. In just six months, participants experienced on average a statistically significant **INCREASE** in bone mineral density as evidenced by before and after full-body DEXA scans.† Individual results will vary.

Confidence = Money Back Offer*

*Certain exceptions and restrictions apply. For full details, rules and requirements, visit www.GrowBone.com This product is for normal age related bone-loss, it is not intended to treat Osteopenia or Osteoporosis.

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

†† Adequate Calcium and Vitamin D as part of a healthful diet, along with physical activity, may reduce the risk of osteoporosis later in life.
